Goal for Today's Meeting:

- Do a mock presentation and get feedback
- Go over specific questions that we had:
 - Checking study limitations
 - For methods, should we include the seed we used?
 - Clarifying the Q&A portion of the presentation
 - We have multiple title options that we needed assistance deciding between
 - I used AI to help generate an image for the presentation. How does citing work for this?

What We Did:

- Finalized the slides for our presentation
- We have also been working on the draft manuscript (~60% done)

What We Plan to Do:

- Continue polishing the slides and ensure that our presentation is within the time limit
- Finish our draft manuscript
